3 More accused chargesheeted by NIA in Gurugram clubs' BKI bombing case

New Delhi, 4th December 2025

The National Investigation Agency (NIA) has chargesheeted three more accused in connection with the 2024 bomb attacks at two Gurugram clubs by members of the proscribed Babbar Khalsa International (BKI) terrorist organisation.

Vijay, Ajit Sehrawat and Vinay have been chargesheeted under relevant provisions of BNS, Explosive Substances Act, and UA (P) Act for their involvement in the planning and conspiracy behind the bombing at the Warehouse Club and Human Club in Sector-29, Gurugram, Haryana on 10th December 2024. The supplementary chargesheet against them was filed on Thursday before the NIA Special Court, Panchkula (Haryana).

The arrested accused were found to be closely associated with foreign-based gangster Randeep Malik as well as Rohit Godara, a close aide of Canada-based designated terrorist Satinderjit Singh @ Goldy Brar. NIA had earlier, in June this year, filed a chargesheet against Goldy Brar and four others in the instant case.

NIA investigations in the case had revealed that the three accused chargesheeted today had received explosives and terror funds from the overseas handlers of a larger terror syndicate to execute acts intended to promote BKI's extremist agenda. The conspiracy was aimed at disrupting peace and destabilising law and order in Haryana and other northern states, as per NIA's investigations.

Investigations by the anti-terror agency have further revealed a wide network of operatives engaged in terror activities on the direction of the foreign-based terror handlers. Efforts to track these operatives and their other conspirators, as well as the financial channels involved in the conspiracy, are under way.
