NIA Press Release

CPI (MAOIST) WOMAN COMMANDER CHARGESHEETED BY NIA IN CHHATTISGARH JAN ADALAT MURDER CASE.

New Delhi, 20th February 2026

The National Investigation Agency (NIA) has chargesheeted a woman commander of the proscribed CPI (Maoist) terror outfit in a 2023 abduction and murder case involving a Jan Adalat (Kangaroo Court).

In its chargesheet filed before the NIA Special Court, Jagdalpur, at Bastar in Chhattisgarh, the anti terror agency has charged the Commander of 'Raoghat Area Committee', namely Raje Kange @ Malti @ Nirmala, under relevant sections of IPC & UA (P) Act.

NIA investigation found the accused to be actively involved in the case relating to the abduction and brutal murder of a villager - Amar Singh Uikey, in November 2023 by organising a Jan Adalat near village Gome in PS Naraynapur area of District Narayanpur of Chhattisgarh.

NIA, which took over the case from the local police, found through extensive examination of witnesses, collection of documents, forensic analysis and other investigative procedures, that the accused was a key conspirator in the conspiracy to kill the victim, whom was alleged by Maoists to be a 'Police Informer'.

Further investigation by NIA in the case RC-10/2024/NIA/RPR revealed that the heinous crime was committed with the motive to instill fear and terror among the villagers, and deter from opposing the Maoist ideology or disobeying the instructions of members of the CPI (Maoist).

NIA's efforts to dismantle the Maoist ecosystem in the country are continuing.
