NIA Press Release

1 More Accused Chargesheeted by NIA for Promoting Banned PFI's Activities in Bihar

New Delhi, 2nd June 2025

The National Investigation Agency (NIA) has chargesheeted another accused in a case relating to the anti-national activities of the banned Popular Front of India (PFI) in Bihar.

Md Sajjad Alam of East Champaran district of Bihar is the 18th accused to be arrested and chargesheeted in the case RC-31/2022/NIA/DLI सत्यमेव जयते

In its supplementary chargesheet filed today before the NIA Special Court, Patna, the anti-terror agency has charged the accused, who was arrested from IGI Airport at New Delhi on his arrival from Dubai (UAE) in January this year, under various sections of IPC and UA(P) Act. Earlier, the NIA Special Court had issued an arrest warrant against Sajjad, an active PFI cadre.

NIA investigations had revealed that the accused was involved in channelising illegal funds from Dubai to PFI cadres in Bihar through a syndicate based in Karnataka and Kerala. The funds were used for furthering criminal/unlawful activities of PFI even after its ban by the Government of India. The PFI conspiracy, aimed at establishing Islamic rule in India by 2047, involved unlawful activities by the outfit's cadres in order to terrorise people and disrupt the country's peace and harmony by spreading religious enmity between different groups.

The case was originally registered on 12th July 2022 at PS Phulwarisharif in Patna district against 26 persons under IPC. NIA took up the investigation a few days later and invoked the UA (P) Act in the case and had earlier chargesheeted 17 accused persons.

Further investigations in the case are continuing.
