NIA Press Release

No Search in Mcleodganj in Connection With Hh Dalai Lama's Security or Khalistani Terror Financing: NIA

New Delhi, 5th July 2025

The National Investigation Agency (NIA) has categorically denied any raid/search in connection with HH Dalai Lama's security or in any case of Khalistani terror financing in McLeodganj in Himachal Pradesh on Friday.

Friday's search was carried out in the 'US donkey route' human trafficking case, as per details already shared through a press note issued yesterday.

The search had no connection either with HH Dalai Lama or with any case related to Khalistani terrorists, and reports to the contrary in a section of the media are completely false.

Further, the local police was duly informed and had accompanied the NIA team during the McLeodganj search, conducted along with a similar search in Delhi.

As contained in yesterday's press release, two more accused were arrested during the said searches in the case of illegal human trafficking via the donkey route.
