NIA CHARGESHEETS ARSH DALA & 3 AIDES IN PRO-KHALISTANI TERROR-GANGSTER NEXUS CASE

DESTROYS SLEEPER CELLS OPERATED BY CANADA-BASED DALA TO CARRY OUT TERROR ATTACKS IN PUNJAB & DELHI

In a major step towards dismantling the pro-Khalistani terror-gangster network operating across multiple states of India, the National Investigation Agency (NIA) on Monday chargesheeted designated individual terrorist Arshdeep Singh @ Arsh Dala and three of his aides.

Canada-based Arshdeep Singh @ Arsh Dala and his Indian agents Harjeet Singh @ Harry Maur, Ravinder Singh @ Rajvinder Singh @ Harry Rajpura, and Rajeev Kumar @ Sheela have been chargesheeted before the NIA Special Court, New Delhi. The action marks a big leap in NIA's efforts to destroy sleeper cells operated by Dala to unleash terrorist attacks in various parts of Punjab and Delhi.

As per NIA investigations in the case (RC- 22/2023/NIA/DLI), the three aides were running a major terror-gangster syndicate in India on the directions of Khalistan Tiger Force (KTF) terrorist Dala. Accused Harry Maur and Harry Rajpura were operating as sleeper cells and were being harboured by Rajeev Kumar, and the trio had planned to carry out a series of terror attacks on Dala's directions and with funds received from him, NIA investigations have revealed.

While Harry Maur and Harry Rajpura were the gang's shooters and had the mandate of executing targeted killings, Rajeev Kumar @ Sheela was receiving funding from Arsh Dala for harbouring Harry Maur and Harry Rajpura. NIA investigations have further revealed that Rajeev Kumar was also providing logistics support and arranging weapons for the other two on the instructions of Arsh Dala.

NIA had arrested Harry Maur and Harry Rajpura on 23rd November 2023 and Rajeev Kumar on 12th January 2024. Investigations are continuing to destroy the entire terrorist-gangster syndicate.
