NIA SEARCHES MULTIPLE LOCATIONS IN 3 STATES IN CPI (MAOIST) SUPPLY CHAIN CASE

New Delhi, 12th December 2024

The National Investigation Agency (NIA) on Thursday conducted a series of searches across three states in connection with the Chinturu (Andhra Pradesh) Maoist supply chain case.

NIA teams seized several digital devices and incriminating documents during the searches in Chhattisgarh, Andhra Pradesh and Odisha.

The searches were conducted at the premises linked with seven accused in the case RC-12/2024/NIA/DLI, which was originally registered by Chinturu police following the arrest of two accused. The duo were found carrying explosives, incriminating literature, and cash when they were intercepted and arrested by the police.

NIA, which took over the investigation in September 2024, found a large network involved in the supply of explosive materials and logistical support to the underground cadres of the proscribed organisation CPI (Maoist). The conspiracy was aimed at carrying out various terrorist acts, including killing of police personnel engaged in election duties.

Investigations in the case are continuing.
